Feb. 2022

ORNL is managed by UT-Battelle, LLC for the US Department of Energy

Adding Busy Record to IOC

Busy record is not included in EPICS base.

Add to IOC via `SomeApp/src/Makefile`

```
Some_DBD += busySupport.dbd
Some_LIBS += busy
```

See /ics/examples/21_busyApp

OAK RIDGE National Laboratory | HIGH FLUX ISOTOPE REACTOR | SPALLATION NEUTRON SOURCE

Example Database

- Read `/ics/examples/21_busyApp/Db/busy_demo.db`

- `cd /ics/examples/iocBoot/ioc_busy; ./st.cmd`

- Monitor `DemoDevice` and `DemoDeviceReadback`, for example using the display in `/ics/examples/21_busyApp/opi`

- Try the following,
  explain what's happening

  ```
  caput DemoDevice 2

  caput DemoDevice 5

  caput —c —w 20 DemoDevice 2

  caput —c —w 20 DemoDevice 5

  caput —c  DemoDevice 2
  ```
